

EMPOWER CARBON REDUCTION IN BUSINESS

BISEPS

WHAT?

Enabling the adoption of midscale **sustainable energy** technologies in **business clusters**

WHY?

Helping businesses to:

- ♦ **reduce** CO₂ **emissions**
- ♦ **increase** energy **profits**

HOW?

By **clustering energy demand** and developing a new, generic **BISEPS-tool** to:

- ♦ identify energy saving potentials in business clusters
- ♦ calculate and implement the optimal energy solutions

WHO?

- ♦ for **SME's** in the BISEPS living labs
(Belgium, The Netherlands, France and the UK)
- ♦ for business park **managers** and **developers**
